The mission of the G.R.E.A.T. Center, Gateway’s Resource, Education and Training Center, is to be the educator of choice for a high quality workforce. Our responsive and tiered approach meets the evolving educational and technological needs of students. We provide comprehensive skill development that supports our region’s economic advancement.

ACCREDITATION

Gateway Community College is accredited by the New England Commission of Higher Education (NECHE).

NOTICE OF NONDISCRIMINATION

Gateway Community College does not discriminate on the basis of race, color, religious creed, age, gender, gender identity or expression, national origin, marital status, ancestry, present or past history of mental disorder, learning disability or physical disability, political belief, veteran status, sexual orientation, genetic information or criminal record in its programs and activities.

PERSONS WITH DISABILITIES

Persons with disabilities should self-identify to the Student Accessibility Services office and indicate that they need auxiliary services and/or assistance to meet course/program requirements. Each campus building meets established standards with such special features as automatic doors, elevators, and restrooms designed to make the school accessible for students with disabilities.

REFUND POLICY/COURSE CANCELLATIONS

When Gateway Community College cancels any course/class, a 100% adjustment associated with the course fee is applied. Any student dropping a course prior to the first day of the semester/class will be refunded 100%.

CUSTOMIZED ON-SITE TRAINING

Gateway Community College (GCC) provides cost-effective on-site training programs for employers. GCC will tailor programs by making arrangements that meet the organization’s needs.
The GREAT Center Information Sessions

The G.R.E.A.T. Center, Gateway’s Resource, Education and Training Center, offers fast-paced training in high-growth occupations. The GREAT Center actively supports the businesses, organizations, and job seekers in the Greater New Haven area. Programs are credit-free but are typically tied to industry-recognized credentials and may be eligible for college credit or continuing education units (CEUs). SCHOLARSHIPS AVAILABLE! See page 8 for SNAP information.

HOW TO ACCESS YOUR OFFICE 365 EMAIL ACCOUNT THROUGH MYCOMMNET
MyCommNet is the portal that provides the ability to access information with a single sign-on. This easy sign-on enables access to college email, financial aid, student records, etc.

1. Go to myCommNet site. Click LOG IN

2. NET ID: Enter your 8-digit student/NetID number followed by @ student.commnet.edu
   Example: 0001234@student.commnet.edu

3. PASSWORD: The initial password is a combination of:
   - First 3 letters of your birthday month
   - (1st letter capitalized)
   - The & symbol
   - Last 4 digits of your social security number
   Example: Mar&123

When prompted, create a new unique password.

   NOTE: if the initial password does not work, call the IT hotline at 860-723-0221

Operating Systems: Windows 8 or newer; Mac OS 10.12.x or newer.

Browsers: Firefox 57 or higher, Google Chrome 63 or higher, Microsoft Edge 42 or higher, Safari 12 or higher (Mac only).

   Note: mobile browsers and apps should not be used for classwork.

Software: Courses may require some or all the software listed below (Windows/Mac)
   - Adobe Reader
   - Adobe Flash
   - Adobe Shockwave
   - Apple QuickTime
   - Windows Media Player
   - Microsoft Silverlight

   Note: most class software is available free of charge. Students do not have access to install software on Gateway loaner laptops.

GCC IT Online Help-Desk Support 24/7 Phone - 860-723-0221  Online Chat, Create Case, or Service Now Request
WHAT IS A BOOT CAMP?

Gateway is offering free prep courses in the subject areas of math and English. These ‘Boot Camps’ are for degree and/or certificate seeking students wishing to refresh their basic skills and improve their placement. Attending a Boot Camp will provide students with the opportunity to become familiar with the Gateway campus, review their basic math and English skills, and build confidence. After successfully completing the Boot Camp, students will be re-assessed and possibly place into a higher level course therefore saving TIME and MONEY. Boot Camps are for students who are motivated, hard-working and able to commit to attending all sessions of the program. These courses will be offered during Summer and Winter Intersessions with morning and evening sessions available.

PRE-ALGEBRA MATH (085) BOOT CAMP

This Boot Camp is for students placing into Math Level A- Boot Camp - Math 085 (Elementary Algebra with Pre-Algebra).

Topics covered will include addition, subtraction, multiplication, and division of whole numbers, integers, fractions, and decimals. Ratios, proportions and some beginning algebra topics are also included. Upon successful completion, students will receive one-on-one advising and be registered for the appropriate math course.

ELEMENTARY ALGEBRA MATH (095)

This Boot Camp is for students placing solidly into Math Level B - Math 095 (Elementary Algebra Foundations).

Topics covered will include properties of real numbers, linear equations and inequalities in one variable, graphing linear equations in two variables, formulating equations of lines in two variables, an introduction to functions, solving systems of linear equations, rules of integral exponents and operations on polynomials.

Upon successful completion, students will receive one-on-one advising and be registered for the appropriate math course.

ENGLISH BOOT CAMP

This Boot Camp is for students placing into Boot Camp or English Level A (ENG 066).

This course will emphasize basic sentence skills, grammar, mechanics, paragraph writing, and reading comprehension. Upon successful completion, students will receive one-on-one advising and be registered for the appropriate English course.

Certified Bookkeepers are key team members in a Certified Public Accounts office.

The four modules in this certificate program focus on preparing you for the AIPB Certified Bookkeeper exams by helping you master the skills and knowledge required for certification.

The six subjects covered in the program are:

- Bookkeeping Practices
- Correcting and Adjusting Entries
- Depreciation and Payroll
- Inventory, Internal Controls and Fraud Prevention

A Certificate of Completion will be awarded to students who successfully complete all four Bookkeeping modules in the program (93) hours.

Recommended prerequisites for this certificate are Word, Excel, and QuickBooks classes. (These classes will be required for WIOA and SNAP E&T Participants)

To achieve the Certified Bookkeeper credential and designation, you must submit an application to the American Institute of Professional Bookkeepers (AIPB), pass their credentials exams and fulfill the employment requirements. This application is optional but recommended for employment.

BUSINESS ANALYST - CORE COMPETENCIES & GENERAL SKILLS
Students will learn the basic Business Analyst framework and job responsibilities. The students will:

- Spend the majority of the time on enterprise analysis, project lifecycle, critical thinking, and documentation.
- Learn how to identify business problems, collaborate on solutions, develop specifications (with traceability), and implement.
- Work on a mock run of a project by developing business justification and will work on a PowerPoint presentation including Project Mission, Pros and Cons, High level requirements, Requirement estimations, Project plan, Testing phase and implementation to gain an understanding of the System Development Life Cycle (SDLC).

Course will be a combination of lecture and computer-based training. Speakers may include the following: Business Analysts (BA) in the Waterfall and Agile Domains, Project Managers, Cyber Security BA’s, Data Analytics BA’s, IT Recruiters, and IIBA academics to explain the ECBA application process.

Embedded throughout the course is the ability to analyze data. This is a powerful skill that contributes to better business decision outcomes.

This module will expose you to Excel tables, formatting, pivot tables, pivot reporting, VBA, macros, and other functions. Student will then utilize the data, formatting, and reporting to start the process of data analysis.

At the conclusion of the course, students will prepare for the ECBA exam focusing on documented questions and answers available from multiple sources. Payment plans are available: 1/3 due upon registration, 1/3 due mid class, 1/3 due prior to exam voucher distribution.

Tuition includes:
- BABOK (Business Analysis Body of Knowledge) Guide
- Course Materials
- IIBA Membership (1 year)
- Exam Voucher

Business Professional Certificate

This certificate is designed to equip administrative support professionals with technical and customer service skills required to compete in a fast-paced office environment. Students will learn to prioritize tasks, streamline office procedures, take minutes, compose e-mails, edit office correspondence, and provide excellent customer service. Classroom hours are conveniently arranged in the evening to accommodate working professionals. All books and exams are included in the cost of the training.

Students can add a specialty track to this training in the following areas, Office Assistant, Property & Casualty Insurance, Associate Professional in Human Resources (aPHR). Students pick one of these areas to specialize in before they complete the program. Certificate awarded upon completion:

- Office Assistant Track (Six Sigma Certification)
- Property & Casualty Insurance Track (Property & Casualty Insurance State Certification)
- Associate Professional in Human Resources (aPHR)

Lab Fee: $30  |  Instructor: Christopher Gentile

HOLIDAY COOKIES
The magic of the holidays begins with the classic plate of cookies. This is sure to be a jammed packed, yet delightfully happy and fun culinary experience for all! The student will learn to bake classic sugar, gingerbread, and almond spritz cookies, along with tips and tricks to achieve the perfect crisp texture. The fun continues as you decorate and understand the techniques to layer icing, mix colors, line work, and detailing. Each participant will take home a total of 3 dozen cookies: one dozen of each variety.

REAL ESTATE PRINCIPLES & PRACTICES

Gateway Community College offers real estate education for students seeking to become real estate agents, property managers, homeowners or investors. Our Real Estate Principles and Practices course is taught by seasoned real estate professionals and successfully meets the minimum requirements for real estate licensing in the State of Connecticut.

For more information on Connecticut Real Estate Licensing, please refer to the Department of Consumer Protection (www.ct.gov/DCP or 860-713-6150).

Upon course completion, students who intend to sit for the state licensing exam (PSI exam), at a separate and additional cost, must pass this course with a grade of 70 or better and attend the minimum 60 hours of classroom instruction required by the state. **Textbooks included.**

The course covers the following:

- Brokerage, listing agreements
- Buyer/Seller representation
- Ownership of real estate

**Contracts /Regulations**

A Central Sterile Supply Processing Technician is responsible for decontaminating, cleaning, processing, assembling, sterilizing, storing, and distributing the medical devices and supplies needed in patient care, especially during surgery. This role is important in preventing infections.

The central sterile supply department of a health care facility is the hub of all activity surrounding supplies and equipment needed for surgery, obstetrics, and other patient care areas.

Central sterile supply processing technicians are trained in principles, methods, and control of sterilization processes; and the cleaning, processing, packaging, distributing, storing and inventory control of sterile goods, instruments, trays, and equipment.

You will also keep records associated with sterilization monitors, orders, charges to patients, and inventory.

Students who complete this program are eligible to sit for the Sterile Processing Technical Certification examination offered by the Certification Board of Sterile Processing and Distribution (CBSPD).

Through this training program, students can become certified technicians in 10 weeks.

NEW PROGRAM
Dates: Wednesday & Saturday
Wednesday: 5:30 PM to 9:30 PM - N102
Saturday: 1:00 PM to 5:00 PM - Live remote & Clinical
80 hour class
All clinical hours completed at Yale-New Haven Hospital
Cost $1980
U-PASS, Exam & Books included

Clinical: November 14\textsuperscript{th} - 18\textsuperscript{th}
Time: TBA

If you’re interested in providing high-quality professional patient care, a career as a Certified Nurse Aide (CNA) could be ideal for you. As a CNA, you will work with registered nurses, physicians, and dietitians to administer optimum medical care.

You will be responsible for carrying out the daily operations of the hospital or nursing care facility. Your compassion and care will significantly help the elderly, disabled, and ill, as you help patients with the needs of basic living.

Learn how to deliver all aspects of personal care to patients, including:
- Monitoring Patients’ Conditions
- Recording Vital Signs (body temperature, heart rate, blood pressure)
- Assisting with Mobility
- Providing Oral and Dental Care
- Bathing, Dressing, Cleaning, and Feeding

Cost $2000
\textbullet\ Cost includes U-Pass, required textbook and classroom skill materials.

The Great Center
(203) 285-2300
gw-thegreatcenter@gwcc.commnet.edu
Community Health Worker (CHW) Certificate

A Community Health Worker (CHW) complements clinically-trained health care teams comprised of physicians, physician assistants, and nurses, among others. CHWs carry out a broad range of responsibilities that facilitate access to health care services and help support patients to achieve goals in their care plans. Training includes Mental Health First Aid (MHFA). **All books and exams are included in the cost of the training.**

CHW Responsibilities Include:
- Positively connecting to the community
- Helping others find access to healthcare and social services
- Managing cases and coordinating care
- Delivering home-based support services
- Coaching and promoting good health

Bilingual speakers are encouraged to apply.

**PROGRAM OBJECTIVES**
- Analyze health issues and inequalities from public health and cultural perspectives.
- Summarize the process of community organizing, advocacy, and policy development as appropriate to the scope of practice for community health workers.
- Discuss and demonstrate non-clinical health assessment, advising, service coordination planning and client-centered counseling.
- Assess, and apply professional skills including establishment of goals for internship placement, ethics, and scope of practice, professional boundaries, cultural humility, and self-care practices.
- Evaluate health care delivery systems including eligibility and community resources in order to provide appropriate linkage services to clients.
- Describe and demonstrate mastery of cultural humility principles and practice in working with diverse clients and communities.
- Design, prepare and facilitate a group health education training or presentation demonstrating effective group level teamwork and conflict resolution skills.

43 Sessions | CRN 3939  
CEU 12.6

PATIENT CARE TECHNICIAN (PCT) CERTIFICATE

Patient Care Technicians (PCTs) work hands-on with:

- Daily living activities
- Taking vital signs
- Performing electrocardiography (ECG)
- Drawing blood

PCTs work in settings such as hospitals and rehabilitation centers. Since PCTs work daily with patients, solid communication skills, empathy and "attention to detail are required.

Additional PCT training programs will include:

- Mental Health First Aid
- 5 Specialized Geriatric Workshops
- C.N.A Skill Review

Supplies Needed:

- Blood Pressure Cuff and Stethoscope
- Two sets of scrubs (one navy blue set for clinical rotation)

At the end of training, students will have an opportunity to complete a clinical rotation in an area hospital. Students who complete the program successfully will be certified in Mental Health First Aid and be eligible to take both the ECG and PCT National Certification Exams offered at Gateway Community College. All textbooks and exams are included in program costs.

To register for this program, a student must have a current C.N.A License, CPR Certification and updated medical information for clinical rotation.

PHARMACY TECHNICIAN CERTIFICATE

This comprehensive, 134-hour course prepares students for an entry-level position in retail pharmacies, hospitals, and nursing homes. Class time is divided between 84 didactic hours and 50 hours of at-home, web-based computer simulation assignments. This is also an excellent prep course for the Pharmacy Technician Certification Board (PTCB) national certification exam.

Topics include:
- Medical terminology specific to pharmacy
- Reading and interpreting prescriptions
- Patient and medication safety
- Pharmacy law
- Review of the Top 100 drugs (generic and brand name)
- Indication and significant side effects
- Professionalism, conversion factors in dosage calculations
- IV flow rate and solving compounding problems

Strong math skills up to single-variable algebra are required. The course cost does not include the PTCB exam fee. It is designed and instructed by the CT Pharmacists Association.

Being a convicted felony no longer excludes a student from sitting for the national PTCB exam; students are evaluated on a case-by-case basis.

Cost includes U-Pass and The National Exam.

30 Sessions | CRN 3946  
CEU 8.4  
Tuesday & Thursday, September 6 - December 15  
6:00 PM - 9:00 PM - N006 HYBR  
CT Licensed Pharmacist  
$1740  
A payment plan is available.

30 Sessions | SPRING 2023

BASICS IN CAR REPAIR AND MAINTENANCE

Car Repairs are Expensive!
To avoid costly repairs, know your car and know when the car needs you or needs a licensed mechanic. Students will receive general knowledge on yearly tune-up tasks and troubleshooting techniques.

Focus:
- Use of Jumper Cables and Jacks
- How to Inspect Brakes, Battery, Spark Plugs
- Changing or Checking Fluids, Engine Oil, Filters, Tire Pressure
- Function of Shock Absorbers, Cooling Systems, Transmission, Drive Shaft

The 3-week course meets twice a week at Gateway North Haven. Instructed by Gateway Automotive Department faculty.

6 Sessions | CRN 2232
CEU 1.8
Allyn Manning
$299

SMALL ENGINE REPAIR - BASICS

Small Engine Repair provides both classroom and hands-on training.

Focus: Motorized Power Equipment including:
- Generators
- Snow Blowers
- Lawn Mowers
- Tractors
- Personal Watercraft
- Marine Engines

Course content includes:
- Safety, Tools, Fuel and Chemicals
- Starting and charging equipment
- Training that covers Inspection, Disassembly, Reconditioning, Preventive Maintenance, and Troubleshooting
- Hands-on familiarity with a variety of equipment

The 5-week course meets twice a week at Gateway North Haven. Instructed by Gateway Automotive Department faculty. Tools and repair manuals will be available for use during class.

10 Sessions | CRN 2233
CEU 3.0
Robert Costanzo
$550
MODULE 1: INTRODUCTION TO COMMERCIAL DRONES

Focus: Prepare students for the Federal Aviation Administration (FAA) Part 107 Certified Drone Pilot examination. There is a separate FAA registration fee of $160 for the examination.

From drone science and engineering to weather theory, the role of the FAA regulations and safety procedures is to prepare students to become certified commercial drone operators. Students will also learn about cloud computing and other technologies that are transforming the Unmanned Aerial Vehicle (UAV) industry. This course is offered entirely online and can be started at any time.

Topics:
- Drone systems, Aerodynamics & Performance
- Weight and balance
- Aeronautical decision-making
- Airports and the National Airspace
- Aviation weather and UAV procedures
- Federal Aviation Regulations
- FAA exam and certification
- Introduction to cloud technology
- IoT and AI
- A hybrid cloud with edge capabilities
- Market demand for commercial UAV solutions
- Unmanned Aircraft Systems (UAS) 101

The instructional materials required for this course are included and will be available online.

Prerequisite: None. Beginners are welcome! Cost: $1250

MODULE 2: CLOUD CONNECTED DRONE OPERATIONS

This course highlights mission planning, operations management and many use cases across industries. It is offered entirely online and can be started at any time.

Topics:
- Introduction to Total Planetary Protection
- Mission planning
- Managing operations
- Full life cycle management with TPP
- Industry overview
- Unmanned Aircraft Systems (UAS) 102
- Business plan and services
- Financial services
- Mission assets

The instructional materials required for this course are included and will be available online.

Prerequisite: Introduction to Commercial Drones or the FAA Part 107 License. Cost: $1600

Requirements For Both Courses:
- PC or Mac device
- Windows 7 or later operating systems
- Mac 10.10 Yosemite or later
- Browser: The latest version of Google Chrome or Mozilla Firefox are preferred. Microsoft Edge and Safari are also compatible
- Adobe Acrobat Reader
This 72-hour certificate training prepares students for entry-level positions in the fields of help desk services and technical support. The courses within this certificate provide students with the skills needed to understand both computer hardware and software. Technical support is also provided to end users. Those who enroll in this certificate will leave with A+ certification sponsored by CompTIA.

This certification is an internationally recognized credential backed by major computer hardware and software vendors, distributors, resellers and publications. No experience in the computer field is necessary to enroll. However, it is recommended that students be familiar with basic computer operation and navigation of operating systems such as Windows XP.

For more information contact Pam Walsh at (203) 285-2142 or email PWalsh@gatewayct.edu.

**A+ ESSENTIALS - CORE I**

A+ Essentials includes the information to become competent in installing, building, upgrading to, repairing, configuring, troubleshooting, optimizing, diagnosing, and performing preventative maintenance of basic personal computer hardware and operating systems.

**A+ PRACTICAL APPLICATIONS - CORE II**

This module covers the competencies for the second A+ exam targeted to individuals working or intend to work in a remote-based work environment where client interaction, client training, operating systems and connectivity issues are emphasized. Job titles include remote support technician, help desk technician, call center technician and computer specialist.
Digital Media and Web Design Certificate courses are designed for students, working adults, artists, and designers interested in exploring the expanding fields of Digital Media and Web Design. The two certificate training programs are designed to provide training and hands-on experience in graphic arts and digital production printing technology. All courses may be taken individually or in total to earn the certificate. Prerequisite: Comfortable using Mac or Windows, keyboard, and mouse. Students are tested and upon successful completion of the program will be an Adobe Certified Associate (ACA) in Adobe Photoshop.

The Print & Digital Media program is designed to build upon relevant backgrounds and enhance previous industry experience with the most up-to-date computer skills necessary in today’s job market. The instruction is in a Mac-based environment with some cross training in IBM/Microsoft-compatible platforms.

The Web Design Training provides the foundational skills required for those wishing to build website portfolios for personal and professional applications. Students with previous web design experience will also find current topics and new approaches to update their web design practices. Additional Prerequisite: Thumb Drive (32 gig) and a hosting site. All books and exams are included in the cost of the training.

Class Delivery Methods

Course Modalities: Gateway Community College is working hard to ensure you have a successful Spring semester. A great number of courses have been converted to a virtual format.

**TRAD = ON GROUND COURSE (WEB ENHANCED)**

**Definition:** Traditional courses are offered by GWCC on campus in a face-to-face format.

**Technology:** Blackboard is used to present course material and support on-ground learning.

**ONLN = FULLY ONLINE COURSE**

**Definition:** Course instruction is fully online via Blackboard. Coursework is delivered asynchronously through Blackboard. Tools used may include discussion boards, assignments, testing, web links, videos, group work, and journals. Students must meet due dates set by the course syllabus.

**Technology:** Students need a reliable computer with internet connection.

**OLCR = ONLINE WITH CLASSROOM COMPONENT**

**Definition:** Course instruction via Blackboard. May require an on-ground orientation and/or proctored assessments. Coursework is delivered asynchronously through Blackboard. These courses use various online tools that include (but are not limited to) discussion boards, assignments, testing, web links, videos, group work, journals, etc. Students must meet all due dates and deadlines set by the course syllabus. Students are required to attend an on-ground or virtual orientation and proctored exams.

**Technology:** Students need a reliable computer with internet connection.

**LRON = LIVE/REMOTE ONLINE COURSE**

**Definition:** Course instruction is through Blackboard but may require on-ground orientation and/or proctored assessments. Coursework is delivered asynchronously through Blackboard. Various additional tools will be introduced. Students must meet due dates set by the course syllabus. Students are required to attend an on-ground or virtual orientation and proctored exams.

**Technology:** Students need a reliable computer with internet connection.

**HYBR = HYBRID SCHEDULING**

**Definition:** Live virtual classes are held at specified times using Teams or WebEx. Coursework is delivered synchronously through Blackboard. Various additional tools will be introduced. Students must meet due dates set by the course syllabus. No on campus attendance is permitted.

**Technology:** Students need a reliable computer with internet connection.

### BOOKKEEPING PRACTICES
Accounting is the language of business, and bookkeeping plays an essential role in the operation of every successful business. In this course, students learn the accounting concepts and practices that underlie all accounting systems, whether manual or software based.

Students receive an introduction to the entire accounting cycle, from transaction analysis to preparation of journals, ledgers, trial balances and financial statements, including the Balance Sheet, Income Statement and Statement of Owner's Equity.

This course is often taken by business owners and managers and is a prerequisite for students planning to take the Bookkeeping Certification courses.

### CODING: ICD-9 & ICD-10, CPT-4 & HCPCS
The Coding class demonstrates the use of standard medical and insurance coding conventions for International Classification of Diseases (ICD) and Current Procedural Terminology (CPT) used by professional services in the healthcare industry. Emphasis is placed on fundamentals of accurately identifying diseases, disorders and suspected conditions using the required ICD-9 & ICD-10 format.

Proper coding on medical billing statements and insurance forms is one of the keys to financial success in a medical practice.

Kandace Murray $315
FIRST TIME SUPERVISOR - MANAGEMENT TRAINING

Making the transition from top performing employee to top performing supervisor is often difficult. Management styles define success of the supervisor, success of the team and success of the department.

Focus:
- How to build morale and a stronger team
- How to manage perceptions and conflicts
- How to gain strategies for time-management and improve problem-solving skills
- Smoothly make the transition from co-worker/friend to supervisor
- How to know when to coach or when to discipline

The two-day training provides solid management skills and supervisory examples needed to be successful in a new management role.

Motorcycle Rider Education

All classes are held at 88 Bassett Road, North Haven, CT
Class is held in room 131
Entrance is through the main doors in the back parking lot.

IMPORTANT!

NO EXCEPTIONS.

• A $40 fee will be charged for rescheduling.
• Students must reschedule within two weeks prior to the start of the originally scheduled class and should be sure to double-check the dates.
• ALL sessions must be attended. There are no exceptions. Students who are LATE or MISS a class will be unable to complete the course.

NO REFUND

REGISTRATION (ONLINE ONLY)
To register for a course, please complete the following:

• Email gw-motorcyclehelp@gwcc.commnet.edu request the current schedule.
• Students should choose three classes that fit their schedule; they will automatically be enrolled in the first available course.
• The student will receive a confirmation via email, confirming the class enrollment. If the first, second, and/or third choice of classes are full, the student will be contacted and asked to choose another class/set of dates.
• A registration link will be sent via email after a seat is reserved.

Visit ride4ever.org to prepare for your course (download The Basic Rider Course Manual, DMV Motorcycle Operators Manual and study questions in advance), access safety information, and learn all the latest news.

BASIC RIDER COURSE (BRC)

• BRC is a required course to apply for a Connecticut Motorcycle License
• BRC provides students with classroom and on-cycle instruction
• BRC teaches Awareness, Basic Skills, and Knowledge for rider safety
• BRC provides motorcycles for use during the course.
• BRC class size is limited to 12 riders.

Fee: $220.00

BRC Requirements:

• Valid driver’s license
• Over the ankle rubber soled boots, sturdy long pants, long sleeve shirt, full finger gloves, and eye protection
• Department of Transportation (DOT) approved motorcycle helmet
• Access to computer, printer, and Internet. (Student must take and pass the 3+ hour eCourse prior to first class)
• Email address required to obtain free coupon for eCourse
• eCourse Completion Certificate MUST be provided to instructor at first class. The BRC eCourse must be completed within 30 days prior to class start date.

EXPERIENCED RIDER COURSE (ERC)

• One-day course, designed to improve cornering, braking and swerving skills
• Class size limited to 12 riders

Fee: $100.00

ERC Requirements:

• Valid motorcycle license
• Street-legal registered and insured motorcycle or scooter with a 50cc or larger engine
• Over the ankle rubber soled boots, sturdy long pants, long sleeve shirt, full finger gloves, eye protection, and DOT approved motorcycle helmet

CLASSES ARE OFFERED APRIL THROUGH OCTOBER.

How do I get from the Gateway Parking Garage into the Gateway campus?
There are elevators located in the southeast corner of each level of the parking garage.
Two entrances are available into the campus directly from the Gateway Garage. The entrance on the 4th floor of the garage provides access to the 3rd floor of the North Building.
The Lower level of the garage provides access to the 1st floor of the North Building.

How do I get from the Temple Street Garage into the Gateway campus?
From the Temple Street Garage follow the marked pedestrian exit routes and you can enter the buildings from the corners of Church and George Street or Church and Crown Street.

How do I park for free in the Gateway Parking Garage or the Temple Street Garage?
Students, faculty and staff may park for free in the Gateway Garage or the Temple Street Garage by holding the barcode on their Gateway ID up to the reader at the entrance to the garage. The same procedure is followed to exit the garage.
Until the readers are activated students, faculty and staff may park in the Gateway Garage by showing their Gateway ID to the attendant at the garage entrance. Anyone parking in the Temple Street Garage needs to take a parking ticket and bring the ticket to a Gateway Security Desk (at the entrances) to have the ticket validated.

What are the hours of operation for the garages?
Gateway Garage:
Monday – Friday: 6:00 AM -11:30 PM
Saturday: 7:00 AM – 5:00 PM
The garage is open on days when the college is open.
Temple Street Garage: open 24/7 everyday

Can visitors to the campus park for free in the garages?
The college validates parking for visitors who use the Temple Street Garage. Parking tickets should be brought to a GCC security desk where they can be validated.
On occasion, parking spaces can be arranged in the GCC garage by previous arrangement.

How do I arrange for a security officer to walk me to my car, bus stop, or while waiting for my ride?
Please stop by any security desk (at the entrances) to arrange for an escort to your car, a nearby bus stop or while waiting for your ride at the curb. You may also call 203-285-2246 or extension 52246 to make arrangements for assistance.

How do I drive to the Gateway Downtown Campus?
In GoogleMaps, Waze or other applications enter 20 Church Street, New Haven, CT as the destination address.

From Hartford
• I-91 South to I-95 South (New York). Take Exit 46, Long Wharf (first exit on the right).
• At the bottom of the exit ramp, turn right onto Sargent Drive.
• Go straight. Turn left at the traffic light on Church Street and go over the bridge toward downtown New Haven.
The college is on the left.

From New London
• I-95 South (New York). Take Exit 46, Long Wharf (first exit on the right).
• At the bottom of the exit ramp, turn right onto Sargent Drive.
• Go straight. Turn left at the traffic light on Church Street and go over the bridge toward downtown New Haven.
The college is on the left.

From New York
• I-95 North to exit 1 toward Downtown New Haven.
• Make a slight right onto N Frontage Road.
• Turn Right onto Church Street. The college will be on your left.

How do I drive to the Gateway Parking Garage?
Follow the driving directions above and turn left onto Crown Street. The entrance to the Gateway parking garage will be on your left about halfway up the block.

How do I drive to the Temple Street Garage?
Follow the directions to the Downtown Campus and turn left onto Crown Street. The entrance to the Temple Street Garage is on the left after the entrance to the Gateway Garage. There is also an entrance from George Street and from Frontage Road.

How do I drive to the Gateway Downtown Campus?
In GoogleMaps, Waze or other applications enter 20 Church Street, New Haven, CT as the destination address.

From Hartford
• I-91 South to I-95 South (New York). Take Exit 46, Long Wharf (first exit on the right).
