

Who: Students placing into Math Level A1 - Boot Camp or Math Level A2 - Math 085 (Elementary Algebra w/Pre-Algebra) who are motivated, hard-working, and able to commit to the program.

What: Gateway is offering a Pre-Algebra (085) Math Boot Camp for students wishing to refresh their basic skills. Topics covered will include addition, subtraction, multiplication, and division of whole numbers, integers, fractions, and decimals. Ratios, proportions and some beginning algebra topics are also included.

Why: This is a **FREE** non-credit prep course that provides students with the opportunity to refresh their Pre-Algebra skills while building confidence in that focus area. Upon successful completion, students will be re-assessed and possibly place into a higher-level course therefore saving **TIME and MONEY**. Students will also receive one-on-one advising and be registered for the appropriate math course. **Register today, space is limited.**

Remote Distance Learning: With current events involving COVID-19, GCC has decided to protect our college community by offering courses in a live remote online learning (LRON) format. Below are some details students should know about the LRON Boot Camp options before committing.

These Boot Camps will be offered in a synchronous manner. This means online or distance learning will happen in real time. Students and the instructor will interact in a virtual classroom using WebEx or Microsoft Teams technology. This could include video lectures, live chatting and live streaming lectures.

Students should understand that a synchronous Boot Camp will involve a rigid schedule. Students will be required to attend classes virtually – which in most cases will be 3-hour sessions, 5 days a week. This means if you have a hectic and unpredictable work schedule, this format may not be appropriate for you. Committing to a synchronous Boot Camp requires adhering to set schedule for the duration of the course.
