

## Program of Study

The following program of study reflects a full-time curriculum plan that students enrolled in the nursing program are required to complete for graduation. Many students make the decision to enroll in the nursing program on a part-time basis, taking the general education courses prior to the nursing courses. Non-nursing courses must be taken in the semester indicated in the plan of study below or may be taken earlier; nursing courses must be taken in the stated sequence.

The admission and pre-requisite requirements of BIO\*211: Anatomy & Physiology I, BIO\*212: Anatomy & Physiology II, and ENG\*101: English Composition are credits (11 credits) that are part of the total 65 credits required for graduation. BIO\*211 and ENG\*101 must be completed prior to the application deadline; BIO\*212 may be in progress and the applicant may be accepted pending successful completion with a grade of C+ or higher. Please refer to page 7 of this packet for a complete list of admission requirements.

A grade of **C** is required for all co-requisite courses in the nursing plan of study, with the exception of BIO\*211 and 212, which both require a **C+**. Co-requisite courses must be satisfactorily completed before or during the semester in which they are scheduled in the curriculum. Students who fail to complete required co-requisite courses may be dismissed from the program. The nursing coursework retake policy can be found in the **Student Handbook**, <http://www.ct.edu/academics/nursing#docs>

<b>ADMISSION REQUIREMENTS</b>	<b>CREDITS</b>		<b>CREDITS</b>
+BIO*211: Anatomy & Physiology I +ENG*101: English Composition	4 3	<b>Total Nursing Credits = 35</b> <b>Total General Education Credits = <u>30</u></b> 65

+There may be a prerequisite course that must be successfully completed prior to taking the course.

++Norwalk Community College requires one interdisciplinary course to fulfill core curriculum requirements.

+++Naugatuck Valley Community College may require additional general education courses to meet Core Competencies for the college. Please seek academic advisement for proper guidance.

^For a list of acceptable courses that meet the CT-CCNP's elective requirement, please see [page](#) 12 of the Nursing Information Packet.
